THORNESGATE APARTMENTS

Call with any queries or feedback on
01924 873 873

Spawforths are employed as architects by Bridge Homes LLP (a WDH and WMDC joint venture) and have developed a range of house types including later living apartments schemes that are now being developed in Wakefield. Each apartment is designed to meet the needs of older occupiers as their assistance and mobility requirements change during the life of their occupancy.

Spawforths provided Architectural and Planning Services for this project. We also act on behalf of the client providing on-site services.

Spawforths, Junction 41 Business Court, East Ardsley, Leeds, WF3 2AB
