SECTOR

ARCHITECTURE

Spawforths Architects have extensive contract administration experience. Our team are skilled in the preparation of tender information and administering the tender process for a range of forms of contract including; traditional, design and build and partnering contracts.

We can assist the Client with the identification and evaluation of potential contractors and /or specialists for the project, prepare technical information in sufficient detail to enable a tender or tenders to be obtained and assist the Quantity Surveyor or Client to evaluate tender returns.

For those Clients who want it, we can host an online tender site that provides tenderers and the Client with 24 hour access to tender information and streamlines the tender process by facilitating a speedy response to tender queries, online discussion and consistent sharing of further information as required.

Spawforths, Junction 41 Business Court, East Ardsley, Leeds, WF3 2AB
